ABOUT US

As part of the
University of
Cincinnati, we help
students and
educators practice
the habits of ethical
reasoning:
listening closely,
thinking carefully,
and disagreeing
well.

HIGH SCHOOL ETHICS BOWL

A team competition where students explore real-world moral questions--not to win arguments, but to share perspectives, explain reasoning, and respond respectfully. Teams compete in the Greater Cincinnati Regional, held each January at UC.

CLASSROOM WORKSHOPS

Tailor-made workshops integrating ethics, moral reasoning, and respectful discussion into any subject. Available as a one-hour intro or a 2-8 session series. We also offer a mini-Ethics Bowl, bringing the Ethics Bowl experience to the classroom as students participate in a mock competition, putting their critical thinking and collaboration skills to the test.

LEADERSHIP DEVELOPMENT

We help student councils and leadership groups navigate real ethical challenges using their own values.

TEACHER PROFESSIONAL DEVELOPMENT

Practical strategies for fostering moral reasoning and productive dialogue, even when students disagree.

EVENT TABLING

Perfect for Back-to-School Nights and Activity Fairs!
We bring our interactive wheel of ethical questions and goodies for participation.
